Recruitment Manager

“

In a startup, every hire matters and it's critical to get our technology skills and competency matrix right. HackerRank's Developer Skills Platform helped us accelerate innovation at ZestMoney by continuously improving the quality of our hires with its industry-vetted skills rubric.

HackerRank has helped ZestMoney hire top talent across the below skills & roles:

Software Engineer

Senior Software Engineer

Front-End Engineer

Back-End Engineer (Java)

Java Developer (Spring Boot)

JavaScript Developer (React)

Android Developer

“

From planning, screening, interviewing, and ranking candidates, HackerRank's Developer Skills Platform has not only helped us raise the bar when it comes to hiring world class developers and top talent but has also helped us reduce our time to hire by over 50%.
